CYBORG RESISTS, BUT SOON THE DARK ENERGY WILL BE TOO MUCH FOR HIS PROGRAMMING TO HANDLE. HE'LL BE LOST IN THE **NIGHTMARES** OF THE DARK MULTIVERSE AND HIS **MOTHER BOX** WILL BE DEFENSELESS.

A DC ALL ACCESS INTERVIEW WITH

EZRA MILLER

Barry's going through so much, he's obviously a very deep person, because he's had a lot of pain. Do you find he's trying to right a wrong?
This is certainly a recurring theme for the Flash through the character's history. The hero complex becomes even more complicated when space-time is malleable to this person's consciousness. So, it is the idea that you could have done something better, especially when you've gone through trauma, and even involving the most minor thing. You stub your toe and wish you could go to the moment before it happened, to when everything was okay and you did not stub your toe. Then of course you come into time travel and it gets tricky because of the butterfly effect. You had to stub your toe for that weather system to happen.

For you as Ezra the fan, what was it like to finally have the whole League in costume together on stage?
I swear, I felt like I'd been blacking out and entering comic frames. It's very hard to describe the feeling when you look out at someone you know and see that Alex Ross painting in front of you, and it's these real people. There's this underlying knowledge of everything they've done and gone through to get to that place.

Are these some of the things you discussed with Grant Morrison?
Grant Morrison is like the high priest of comic book and graphic novel writers. Grant Morrison is my absolute favorite comic book author, and the person who really shows me a way into this mythology and then a way through it into just the beautiful scope of everything. I mean, he goes quite deep. I've really been so inspired by his work.
